

Brave Enough

I could hear an orchestra, but I wanted to be brave...brave enough to let it be heard in the raw simplicity of this live performance.

*So, I guess this is the day - I guess I'll just come out and say it
There's this love that I am carrying for you.
I am afraid and I am weak, but I'm determined I will speak
'Cause I don't want to find out who I am without you.
You are the window to my soul.
Somehow I need to let you know*

*I want to be brave enough to look you in the eye.
I want to be brave enough to let you see me cry.
But I just wish I knew
Could you love me too?
Could you be brave enough?*

*We'll never know - we can't explain why love gets washed away like rain.
People trample on each other's hearts like stones
But, in your eyes there is a place where I am warm and I am safe.
If I could stay here, I would never be alone.
My heart's been wrapped up in these chains.
What would it take to make you stay?*

*I want to be brave enough to look you in the eye.
I want to be brave enough to let you see me cry.
But I just wish I knew
Could you love me too?
Could you be brave enough?
...Brave enough?*
