

To Know You

I am ready, I am able
I can feel you moving inside
I've been longing for your arrival
So I can finally look in your eyes
But will I see that day?
Will I get that chance?
To help you find your way
To teach you how to dance
There's so much I want to show you
How much I want to know you
Just to know you

I am waiting, waiting to love you
And to hold you all through the night
I am praying Heaven will bless you
That you will bravely walk in the light
But will I see that day?
Will I know that time?
Will you hear me speak your name?
Will you know that you are mine?
There's so much I want to show you
How much I want to know you
Just to know you
To know you
