

Nothing So Rare

by Ali Matthews (c) 2010

On a day much like today
in a place much like this town
another heart is stolen
another love is found

They'll be falling hard and deep
in a world they won't forget
because it feels just like a movie
maybe Romeo and Juliet
They know that there's...

(chorus)

Nothing so rare, nothing so blue
Nothing so wonderful, nothing so true
Much like this love I have for you

With a solitary wish
whispered like a prayer
maybe find someone to cling to
maybe find someone to care

On a night much like a dream
they will know without a sound
and their hearts will pound like thunder
and their feet will be lifted way up off the ground
and there is...

chorus

(bridge)

There is no way you can disguise
Love is a beautiful surprise

repeat chorus
